As asphalt driveways are not permitted by the deed restriction, when a full replacement of an existing asphalt driveway occurs, it shall be replaced with one of the approved surfaces.

Any modification to an existing vehicular use area *shall receive approval from the ACC* and all required permits from with the city prior to construction.

Carports are for the purpose of storing private use vehicles and mechanical driven golf carts only. General storage of personal belongings and other commodities within the confines of the carport visible from the abutting rights-of-way are prohibited. Carports shall be maintained so that there is no accumulation of junk, trash and debris.

EXTERIOR SURFACES AND PAINT COLORS

1. Condition - Exterior surfaces of all buildings and structures including but not limited to roofs, walls, soffits, siding, fascias and vehicular use areas shall be kept free of dirt, grime, mold and mildew. Such surfaces shall also be kept free of faded or chipped paint and shall be maintained in good repair and condition. Such surfaces shall be repainted, recovered or cleaned when ten (10) percent or more of the exposed surface area does not meet the standards set forth herein.

2. Painting - Should any exterior surface of a single-family residence within the community require painting, the property owner shall refer to the "**Woodlands Color Palette**" for the list of approved colors.

a. Homes painted white may use any secondary or trim color of their choice.

b. All tinted whites (must be considered white per Sherwin-Williams) are acceptable as base, secondary and trim.

c. Color selection must be from the same card, no mixing of cards is acceptable unless using white as one of the choices.

d. Any brand of paint is acceptable, however, the color needs to be color-matched with these approved Sherwin-Williams shades.

e. Garage doors may be wood/faux wood, or painted any untinted or tinted white, a base or secondary color, but not a trim color.

f. Front doors may be decorative, or any approved base, secondary or trim color, white, black or red.

3. Roof Surfaces - Roof surfaces are not subject to these regulations unless the roofing material is painted. Roof surfaces comprised of shingles, tile or aggregate with a factory-installed color finish are not subject to these regulations. In the event that a roof surface is to be painted or repainted, only (1) color listed as a building base color or accent color shall be permitted, shall match a color used on the elevations of the structure, and shall not be subject to the percentage limitations within the City Code.

4. Exterior surfaces consisting of natural stone, wood or brick shall not be subject to these regulations unless such surface is painted.
